

Outreach Policy—See MS Meeting Minutes from October 19, 1998

Michigan Swimming and USA Swimming registration will be reduced from \$31.00 to \$7.00 per swimmer for all swimmers of families who fall below the 50% median family income in their local club area. Each club is responsible for reporting local income guidelines, having families apply for the discount and signing an affidavit that includes the following language: **The undersigned certifies that the family income for the family of _____ is below \$ _____ and acknowledges that _____ *(insert name of local club)*, Michigan Swimming, or USA Swimming reserves the right to request proof of income in the form of tax returns, pay stubs or some other form of income verification as necessary.**

Signature and Date

Requests are to be made through local clubs. Unattached swimmers should apply directly to the Michigan Swimming Finance Vice-Chairman.

This document was revised 4/15/2002 to reflect a ruling made at the 2001 USAS Convention. Under the Outreach program, national membership dues are \$5.00 and the LSC has the option to set a local fee that may not exceed \$2.00.
